At Enochs High School, we envision a learning community that challenges and nurtures students by fostering a sense of shared mission and engaging them in a rigorous, coherent, standards - based curriculum.

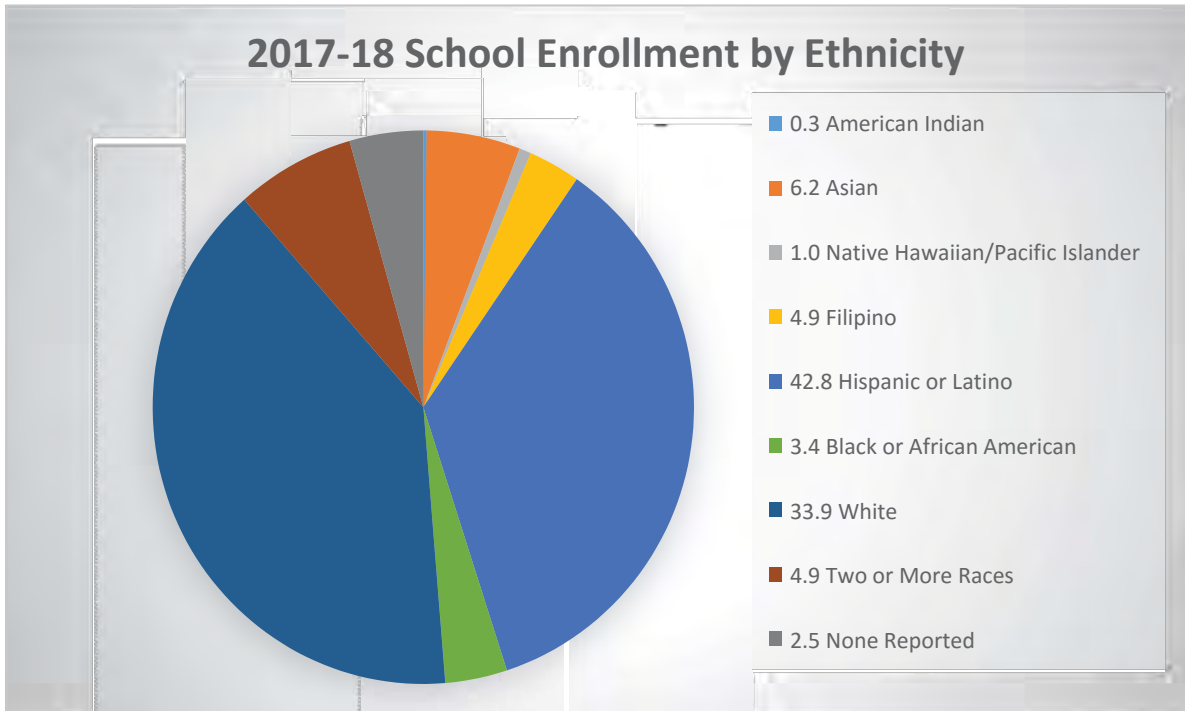

Our vision demands that we provide innovative instruction by accomplished practitioners whose commitment to learning and student achievement encourages students to become technologically adept, lifelong learners able to think independently and solve complex problems.

Our vision presupposes a community in which academics, athletics, student activities, and the arts contribute to student success.

Our vision is rooted in the belief that staff and students alike must embrace the diversity of an increasingly complex world, foster mutual respect, and create a secure environment that supports student success.

James C. Enochs High School was established on August 28, 2006 and is one of seven comprehensive high schools in the Modesto City School District. The majority of our 2,334 students in grades 9-12, reside in the northeast section of Modesto. Our goal for the students at Enochs High School is to develop successful students by providing top quality instruction within a safe, responsible, respectful culture. Enochs is located in the heart of the Central Valley in northern California. Agribusiness is the most prevalent industry in the area. Enochs has 106 certificated staff members, of those, 15 have a Master's Degree and 1 has a Doctorate degree. Our student to counselor ratio is 650-1 and we also employ a full-time college counselor who assists students in meeting their college and career goals.
